Office of the Secretary of the
Government of the Depart-
ment. —— His Excellen-
cy the Governor orders me
to direct you, as soon as the
document accrediting the grant
of land made by the Honorable
Departmental Assembly on the
10th day of January last past
to Don Juan Bautista Vigil y
Alarid, and to Don Antonio José
Rivera shall be presented to you,
(said document granting) to said ones

dividuals the land known as the Jornada del Muerto, and Miguel Salomon Hauck, a naturalized citizen, being excluded from said grant for the reason that he is considered as a foreigner, which individual, if he shall present proper naturalization-papers, shall be considered a grantee equally with the other parties interested and aforementioned) to proceed to put said individuals in possession of said land, to cause them to establish the boundaries mentioned by them in their petition, the same not having been altered by the honorable Assembly, which has only restricted the exclusive right to the pastures, which shall be the common property of passers, and never that of estate-owners and sheep-farmers of this and other departments; directing you moreover, by order

of His Excellency; to annex an authenticated copy of this communication, that it may serve as a protection to the parties interested, and that they may with greater security, commence the work of digging wells, which will be very useful to the public, as many losses of human lives will thus be prevented, and likewise the lives of much cattle saved, at a very small cost. All of which is by order of His Excellency. I communicate this to you for its performance and execution. Advise me of the receipt of this communication. God and Liberty. In accordance with the foregoing judicial order, and the superior order of the 4th day of February last, which is cited and appears above as authenticated testimony, I have passed, going and coming, through the land granted to the aforesaid persons by the same decree of the honorable Assembly; in view of the practical knowledge which I have of the said lands, called Jornada del Muerto, and according to the laws, ceremonies, and

customs received in this Depart-
ment, I have proceeded to grant
them the possession which be-
longs to them both de facto and
de jure, as no third party hav-
ing a better right has appeared
up to date, and as there is no op-
position to their being put in
possession of the unimproved
land which has been granted,
as their property, to the grantees
Juan Bautista Vigil y Alarid, and
Antonio José Rivera, who remain
in quiet and peaceful possession
of said land, from which, as
a sign of true possession, they
have removed grass and stones,
making grateful acknowledgments
to the Supreme Government
of Mexico, by whose bounty
they hold said property, of
which they will recognize and
defend as boundaries the fol-
lowing points: on the north,
the Mesita del Contadero; on the

south, the old place of Doña Ana, in Robledito; on the east the Sandia mountains and their water-courses on that side; and on the west the Rio del Norte; at which places the parties interested will place proper stakes so as to prevent confusion; with the proviso that, if José Miguel Salomon Hauck, one of the partners, shall present proper naturalization papers, he shall be received as joint owner, having the same rights as Messrs. Vigil and Rivera, it being optional with them to admit or not, as partners in the ownership of said land, such person or persons as they may consider worthy of their confidence. And for due evidence, and that this document may serve them as a title to the property aforesaid, I issue these presents, with

I authorize and sign on the fifteenth day of the month of March, one thousand eight hundred and forty-six, with the parties interested and my assisting witnesses, with whom I act in the absence of an notary. I certify.

In the town of Santa Fé, capital of the Department of New Mexico, on the sixteenth day of September of this year one thousand eight hundred and forty-six, I, the citizen José Albino Chacon, first Alcalde and Judge of

first instance of this capital and its district, do order, ~~that by~~ reason of Don José Miguel Salomon, Hauck's having presented his naturalization papers in the court over which I preside; that this original be added to these documents of grant, and that the aforesaid Hauck, be considered as joint proprietor, having the same rights to the land known as the Jornada del Muerto as Messrs. Juan Bautista Vigil y Alarid and Don Antonio José Rivera, according to the order of the honorable Assembly of the 10th day of January of this year, and the official communication of His Excellency the Governor of February fourth of the same year. I, the aforesaid judge, do so order, acting with assisting witnesses, in the ab-

sence of a notary public.
J. Albino Chacon,

Jesus Maria Zafoya,
Telesforo Salazar. } Witnesses.

Reason.

For the reason that Don Manuel Armendaris, a resident of the Department of Chihuahua, has claimed a part of the land forming this grant on the northern boundary in (near?) the Mesita del Contadero; it is ordered, by order of His Excellency the present Governor, that the owners of the Jornada del Muerto shall not proceed to the digging of the wells until the conclusion of the lawsuit between said Armendaris and the heirs of Don Francisco Xavier Chaves, deceased; and for the same reason, the term of five

years for the conclusion of the wells shall be computed from the day on which the said northern boundary shall be fixed, either by the aforesaid Armendaris or his opponents, the heirs of the aforesaid Chaves, deceased. And that this may have proper legal effect, I have written the above, and added this flourish (or rubric.)
